Everything you need...

The Retreat offers comfortable, spacious accommodation, a fully equipped conference hall and a variety of outdoor break-out areas.

Our function room seats 90-120 people and is serviced by a brand new industrial kitchen that can cater for up to 200 guests.

The right environment...

Exclusive use of the property means no other guests or outside interruptions.

Really get down to business, in an environment perfect for team-bonding and creative thinking.

It is the combination of incredible bush land and modern facilities that make it stand out from other, run of the mill corporate venues. Would highly recommend it!
